

Task Force Marne Hero of the North

Name: SPC MONICA MITCHELL

Unit: HHOC, DSTB, 3rd ID

Hometown: SAN ANTONIO, TX

SPC Mitchell plays a crucial role as a Geospatial Intelligence Analyst for the Task Force Marne Intelligence Section. She conducted daily imagery analysis of a prioritized standing target deck and compiled weekly reports addressing critical intelligence topics, like the recent Government of Iraq operation to Camp New Iraq. Additionally, SPC Mitchell competed in and won the company Soldier of the Month board for December 2009. SPC Mitchell consistently demonstrates analytic tradecraft capability at a level normally seen exclusively in more senior analysts. SPC Mitchell's drive to excel makes her a critical member of the TF Marne Geospatial Intelligence Cell and a most deserving choice for today's Task Force Marne Hero of the North.
